

NUTRITION SERVICES DIVISION MANAGEMENT BULLETIN		No. 01-802
TO:	All Child and Adult Care Food Program Sponsors	ISSUE DATE: March 2001
ATTENTION:	Child and Adult Care Food Program Directors	
SUBJECT:	Correction to the Infant Meal Pattern in <i>Building Blocks for Fun and Healthy Meals</i>	
REFERENCE:	1/25/01 Memo from USDA WRO	

This Management Bulletin corrects an infant meal pattern error contained in the USDA Team Nutrition publication, *Building Blocks for Fun and Healthy Meals--A Menu Planner for the Child and Adult Care Food Program*. USDA distributed this publication to all Child and Adult Care Food Program sponsors in Fall 2000.

The infant meal pattern on page 25 of this publication incorrectly references a footnote that indicates iron-fortified infant cereal is an optional component for infants 8 months through 11 months of age at breakfast. **Iron-fortified infant cereal is a required component at breakfast for infants 8 through 11 months of age.**

To assist you, a sample of the corrected page is included. If you have more than one copy of this publication, please ensure that all copies receive this correction.

If you have any questions, please contact Kelley Knapp, Nutrition Education Specialist, Education and Training Unit, at (916) 445-6774, (800) 952-5609, or kknapp@cde.ca.gov.

Marilyn Briggs, Director
Nutrition Services Division
Assistant Superintendent of Public Instruction
